## NCS SYSTEMS FRANCE RELOCATES AND INVESTS IN A NEW INFRASTRUCTURE TO ACCELERATE ITS DEVELOPMENT

NCS SYSTEMS France, a key player in the **design of embedded and industrial systems & monitors** for the Aerospace, Defense, and Transport sectors, is announcing its relocation to new facilities in Élancourt.

This move marks a significant milestone in the company's growth and its commitment to innovation. With a **5000 m<sup>2</sup> facility dedicated to design, development, production, and logistics**, NCS SYSTEMS is strengthening its capabilities to better support its customers.

### **An optimized and secure space to anticipate market needs**

Located at **2 rue du Maréchal de Lattre de Tassigny in Élancourt**, this new infrastructure enables NCS SYSTEMS to meet both current and future technological challenges. By doubling its production and storage space and optimizing its entire process flow, the company enhances its responsiveness and efficiency. This strategic investment is accompanied by a recruitment plan especially for R&D engineers allowing the company to support high-value-added projects, continuously innovate, and anticipate market needs.

This site is **fully independent and secured**, featuring **access control, advanced video surveillance, and fire detection systems** across all areas. These measures ensure a safe and protected work environment, guaranteeing business continuity and the security of sensitive data.

« This **relocation represents a strategic turning point for the NCS Group**. By equipping ourselves with a more spacious and high-performing facility, we are reinforcing our ability to meet the growing demands of our clients and support our expansion », says Stéphane ROGER, CEO, President of NCS Group.

### **A strategic investment for the future**

With this new site, the NCS Group consolidates its expertise in embedded industrial systems and monitors, high-speed data acquisition, FPGA processing, and optical communication through its Techway subsidiary. This new work environment will enable the company to offer even more efficient solutions tailored to the most complex needs.

A new address to remember :

**NCS SYSTEMS**

**2 rue du Maréchal de Lattre de Tassigny**

**78990 Élancourt**

**France**
